Profile

Dedicated and detail-oriented UI/UX Designer with expertise in HTML, CSS, JavaScript, Figma, and Photoshop. Passionate about creating intuitive and visually appealing designs that enhance user experience. Seeking an opportunity to leverage my skills and grow as a UI/UX Designer in a dynamic team environment.

Skills

- HTML5
- CSS
- JAVASCRIPT
- BOOTSTRAP
- FIGMA
- PHOTOSHOP

Projects

Skincare Portfolio Design
- Designed a minimalist and elegant website for the skincare brand 'Serene Skin' using Figma and HTML/CSS.
- Conducted user research to identify the preferences of skincare enthusiasts and incorporated findings into the design.
- Created wireframes and interactive prototypes in Figma to visualize the site's structure and flow
- Developed responsive front-end pages using HTML, CSS, and JavaScript, ensuring consistent performance on desktops, tablets, and mobile devices.
- Added interactive animations using CSS and JavaScript, including smooth scroll effects, hover animations on property cards, and fade-in transitions for images and text.

Mobile App UI Design
- Designed a sleek and user-centric mobile app interface for a food delivery service, prioritizing seamless navigation and visual appeal.
- Conducted user research to understand customer needs, including menu browsing, order tracking, and checkout simplicity.
- Designed visually engaging screens, such as a categorized menu using Figma.
- Ensured color contrast, scalable typography, and simple navigation to meet accessibility standards and improve usability for all users.
